

MERCURY DROPS 18-2 BELOW ZERO

Temperature is 7½ Degrees Below
Previous Low Mark Register-
ed Monday Morning.

LOWEST READING IN YEARS

Biting Cold is Extremely Trying on
Railroad Men and Others Em-
ployed in the Open.

That General Winter is still con-
ducting the vigorous offensive which
he inaugurated early Saturday morn-
ing, is proven by a temperature of
18½ degrees below zero which was
recorded early this morning by the
government thermometer in charge of
J. Thomas Hays, official weather ob-
server here. This is by far the lowest
temperature recorded during the pres-
ent winter and one of the lowest that
has been registered in this locality
in years. About ten or twelve years
ago the mercury dropped to twenty-
eight degrees below zero but the cold
wave was of short duration.

The temperature registered this
morning is seven and one-half
degrees below the reading Monday
morning when the mercury stood at
the 11 below zero mark. That was
the previous low record. There was
considerable surprise that the mer-
cury dropped so low during the night
as the extreme cold was not accom-
panied by wind. The motionless air,
however, was penetrating and many
who are employed in the open worked
under trying circumstances.

Railroad men declare that the cold
wave makes their work extremely try-
ing. Enginemen say that when the
locomotives are in motion the cold
rushes into the engine cabs and that
it is with difficulty that the required
steam pressure is maintained. The
cold makes it much harder for the
men to work. Brakemen also suffer
from the cold as they are required to
be on top of the cars on certain parts
of the trips.

The number of calls to plumbers
from residents who experienced trou-
ble with the water pipes in their
homes increased to-day and the local
plumbers are unable to keep up with
the calls. One firm said that it had
twenty-five calls Monday night and
that it would not be able to look after
all of them for several days. Addi-
tional calls came in to-day and early
this morning nearly every telephone
meant trouble in some house.

It is reported that some people are
practically without fuel and are
alarmed as to their plight should the
cold wave continue many days. The
dealers are trying to distribute their
limited supplies around to as many
customers as they can so that every-
body will have enough coal to carry
them through the extremely cold
weather.

Traffic on the railroads was again
delayed. The roads were still blocked
by snow drifts in a few places, but
they are being gradually opened.

Notice.

SEYMOUR YOUNG MEN ARE VERY LOYAL

Several Have Gone, Others will Join
Army Before Enlistment
Closes to Drafted Men.

Seymour in the past few days
have made several contributions to
Uncle Sam's forces, several local
young men having joined the colors
in the different branches and more
are expecting to leave before Friday,
which is the last day for men who
are in the selective draft to enlist.
The entire county has also shown
loyalty many young men having join-
ed some branch of the service in
the past few weeks.

In the past week Lynn Faulkner,
Louis Cordes, Harley Hunsucker
and Louis Redman, have enlisted

and several other young men have
visited the recruiting offices at In-
dianapolis and Cincinnati investi-
gating the different branches and
selecting the service for which they
would be most fitted. It is expect-
ed that several will leave within the
next few days as several persons
have stated positively that they were
going before the time for enlisting
closed.

EMPLOYES MAKING \$800 TO BE LISTED

Employers Required by Law to File
Such Names Between January
1 and March 1.

FEATURE OF REVENUE LAW

Married Men Making \$2,000 or Over
Required to Pay Income Tax
Under New Law.

Under the terms of the war income
tax law which was enacted on Oc-
tober 3, 1917, every employer must
return to the commissioner of in-
ternal revenue, between January 1
and March 1, 1918, a list of all em-
ployees which have received \$800 or
more as salary or wages since Janu-
ary 1, 1917. This is a requirement
of one of the provisions of the law
for collecting information at the
source, the purpose of which is to
give the revenue department an ab-
solute check as possible on all per-
sons subject to a war income tax.

Single persons are entitled to an
exemption of \$1,000 per annum, un-
der the law while married persons
are permitted an exemption of \$2000
per year. The law sets an amount
for employers' reports lower than the
minimum exemption because of the
possibility that earners of \$800 to
\$1000 annually may have supplu-
mental incomes sufficient to bring
them within the taxable class.

Explicit ruling on all features of
the report to be made by employ-
ers have not been made by the com-
missioner of internal revenue. It is
stated that while it is earnestly the
intent of the law to include only
such employes as have received \$800
or more since January 1, 1917, it is
possible that the provision will be
extended by interpretation to all em-
ployees who have been paid for any
period whatsoever at the rate of
\$800 annually.

Preparation of the data required
by the government will mean much
labor for the accounting depart-
ments of large factories where a
majority of skilled laborers are paid
on a basis of considerably more than
\$800 annually. Not only must the
names and the amounts of each em-
ployee be returned, but every indi-
vidual's address must be included to
enable revenue authorities to trace
persons whose rate of earning this
year brings them within the \$1000
or the \$2,000 class, as the case may
be. If the interpretation should be
extended also to former short-term
employees earning at the rate of \$800
or more annually, additional labor
will be entailed in obtaining this
record of such short-term employ-
ment and finding the addresses of
such persons. Few employers make
a practice of keeping on their pay
roll or employment records the ad-
dresses of employees.

CHRISTIAN SCIENCE LECTURE

Prof. Herman S. Hering, C. S. B. to
Speak at Majestic Tonight.

Prof. Herman S. Hering, C. S. B.,
member of the board of lectureship
of the First Church of Christ, Scien-
tist, in Boston, will speak at the Ma-
jestic Theater tonight under the au-
spices of the Seymour Christian
Science church. Mr. Hering is an in-
teresting speaker and a large audi-
ence will hear his address. The
public is invited. There is no ad-
mission.

PAMPHLETS WILL BE MAILED SOON

Time Rapidly Drawing Near for Ques-
tionnaires to be Put in Mails
by Local Board.

NO FURTHER INSTRUCTIONS

Classification Designated by Regis-
trant Not Final—Attorneys
to Assist.

Although no official instructions
have been received by the local
exemption board it is presumed
that the first five percent of the ques-
tionnaires will be mailed Saturday,
December 15, considering the fact
that several of the boards in the sur-
rounding counties have received no-
tice to start the work on that date.
Each day thereafter an additional five
percent will be mailed until every re-
gistrant has received one of the
pamphlets. Each registrant is
obliged to secure a blank question-
naire and fill it out in case the board
neglects to send him one.

The attorneys of the county have
been appointed to assist the regis-
trants in filling out the questionnaires.
Little explanation is needed for the
lawyers as the questions are quite
clear and direct. They are pledged
to give their advice to the registrants
without cost.

The consignment of questionnaires
was received by the local board some
time ago. No further instructions,
other than those contained in the gen-
eral outline of the regulations have
been received and it is likely that
starting with next Saturday, the
booklets will be placed in the mails.

Each registrant is given seven
days, Sundays and holidays excepted,
in which to return the questionnaires
completely filled out. While each re-
gistrant will designate one of the five
classes into which he feels he is en-
titled to be classified, the final clas-
sification will be made by the con-
scription board, according to his an-
swers to the questionnaire.

CHRISTMAS SHOPPING IS HEAVY, DESPITE WEATHER

Unusually Big Business Expected as
Soon as the Temperature is
More Moderate.

Despite the extremely cold weather
of the last few days, Christmas
shopping has been heavy and the
merchants are arranging for a big
volume of business as soon as the
temperature is more moderate. The
extremely cold weather is expected to
give way to a higher temperature in
a few days and then there will be a
tremendous volume of business. The
cold snap has already had the effect
of increasing the sales of clothing
and other winter merchandise. The
merchants are pleased with the man-
ner in which the Christmas business
has started and before the end of the
week the various stores will be rush-
ed throughout the day and the heavy
trading will continue until the night
before Christmas. While the exte-
mely cold weather has undoubtedly
kept some shoppers from driving to
the city, the out of town business
will show a bigger gain than ever
when the weather moderates slightly.

CIVIL WAR VETERAN ANSWERS LAST CALL

John B. Johnson Dies Last Night Af-
ter Several Years' Suffering With
a Complication of Diseases.

John B. Johnson, a veteran of the
Civil War, died at his home, corner
of Third and Lynn streets last night
following an illness of several years,
with a complication of diseases. The
deceased was 76 years old. He was
born at London, Ohio, December 12,
1841 where he spent his early life. He
had been a resident of Jackson county
for about fifty years having resided at
Browns-town for some time before tak-
ing up residence in this city.

Besides a widow, three sons, John
B. Jr., Elmer and Scott Johnson, all
of this city survive, together with
several grand-children. The funeral
services will be held from the home
Wednesday afternoon at 2 o'clock.
Rev. Charles W. Whitman, pastor of
the First Methodist church officiating.
Interment will be made in Riverview
cemetery.

COLD WAVE CAUSE OF MUCH SUFFERING

Township Trustee Receives Numerous
Requests for Assistance From
Unfortunate Persons.

MANY PEOPLE OUT OF FUEL

Trustee's Aid Limited and Will Not
be Sufficient to Prevent Suffer-
ing Among Large Families.

Dr. W. M. Casey, trustee of Jack-
son township stated this morning that
he has had numerous requests during
the past few days for assistance from
poor families in the city. The major-
ity of applicants reported that they
were out of fuel and had no funds on
hand to purchase an additional sup-
ply owing to the fact that the ex-
treme cold weather came on so sudden-
ly that they were not prepared. Sev-
eral reported that they were without
something to eat and in some cases
there were several children in the
different families.

Dr. Casey, gave assistance as much
as he could although the law govern-
ing the township fund limits the
amount for each family and that re-
ceived by some of the large families
will only be sufficient to prevent suf-
fering for a few days.

Many people in the city have suf-
fered more or less as a result of the
cold weather according to Dr. Casey
and providing the weather does not
moderate in a short time, in his op-
inion, there will be much more. Dr.
Casey stated that it was the charity
organization's place to look after such
cases owing to the fact that the
amount set aside for helping the poor
by the township is very limited. He
stated this morning that assistance
provided by the township was more
or less abused in Jackson township
and he is of the opinion that some
other means will have to be provided
for the support of the city poor at this
time if suffering among the different
families is prevented. The suffering
in the past few days has been more
noticeable than for several years.

A number of charitable persons
have given assistance to different
worthy families which has helped to
overcome the suffering from the cold
and want of food.

INVESTIGATION TO BE MADE INTO MILITARY SITUATION

Special Attention to be Devoted to
Complaints Regarding Equip-
ment of New Army.

By United Press.
Washington, December 11—A
searching investigation into the whole
military situation, particularly the or-
ganizing, training and equipment of
the national army was ordered by the
senate military affairs committee to-
day. While the whole military situ-
ation will be probed, including con-
ditions of the American expedition-
ary forces in France, special atten-
tion will be directed to the draft army
which has been the topic of many
complaints as to equipment and or-
ganization.

The national prohibition amend-
ment to the Constitution will come up
for consideration in the house next
Monday. A record vote is planned.
Passage by a two-third majority will
place the question up to the states,
the senate having passed the amend-
ment last session.

Investigation of sugar and coal
conditions by the senate committee on
manufacture was ordered in a resolu-
tion offered by Senator Lodge, and
adopted without debate.

COUNTRY'S WAR CROPS GREATEST IN ITS HISTORY

Corn and Wheat Production Far
Greater Than Ever Before,
Records Show.

By United Press.
Washington, December 11—Ameri-
ca's war crops this year were the
most valuable in its history, accord-
ing to final estimates on acreage,
production and value announced by
the department of agriculture today.
The record corn crop amounted to
3,159,494,000 bushels with a farm
value December 1 of \$4,053,672,000.
Winter and spring wheat produc-
tion was 650,000,828 bushels valued
at \$1,274,418,000.

Rioters Hanged.
By United Press.
Fort Sam Houston, December 11—
Thirteen negro soldiers were hanged
early to-day for participating in the
Houston riot on August 21. Forty-
one were given life term sentences in
federal prison, one a sentence of two
years and six months and three sen-
tenced for two years. Five were
acquitted.

GERMAN GUNS ROAR ON WESTERN FRONT

Terrific Offensive Conducted in Every
Sector in Teutons' Titanic
Effort of War.

MAY HIT HARDEST IN FRANCE

British Believe Germans Will Center
Drive on Weakest Point of
The Entire Line.

By United Press.
London, December 11—Over the
whole of the western front today
German artillery was roaring a
challenge to the French and British
armies. Somewhere along the great
battlefront it was confidently be-
lieved Germany was preparing to
make her heaviest attack since the
days of the invasion of 1914.

She is masking the place chosen
for that assault by an artillery bom-
bardment over almost every sector
of the British and French line. Of-
ficial reports, however, indicated a
slightly stronger fire over the French
positions. From this it was deduced
here that Hindenburg had chosen the
French as opponents for his massed
armies—reinforced by numerous di-
visions recently transferred from the
Russian front.

Field Marshal Haig's battle front
today gave further emphasis to the
belief that Germany is seeking a
weak spot in the west line. He re-
ported unusual aerial and artillery
yesterday.

CAMP TAYLOR SOLDIERS RECEIVE THEIR PAY

Men Have Holiday Monday on Ac-
count of the Disagreeable Weath-
er—Play in the Snow.

Monday was pay day for the 335th
regiment at Camp Taylor, of which
the Jackson county boys are a part,
but the majority of soldiers were
more or less disappointed owing to
the fact that they had no place to
spend it except at the regimental ex-
change which suffered considerable
Sunday when a large amount of snow
which poured down upon its stock of
cigarettes. The men are unable to
get to Louisville as the street car
service was crippled as a result of
the heavy snow. A few of the sol-
diers however, are reported to have
braved the storm and walked to the
city to spend the day. Monday, with
the exception of a few hours in the
morning when the soldiers were ush-
ered into the work making paths
about the barracks and streets, was a
holiday for the men and the majority
spent the time in reading at the Y.
M. C. A. and at other places where
amusement is offered at the Louisville
cantonment.

The men found plenty of amuse-
ment paying in the snow which was
used in constructing trenches which
whole companies "camouflaged" them-
selves behind and dared other com-
panies to come on. In several in-
stances the challenges were accepted
and snow battles raged all over the
camp. Some of the men had fun
building snow figures and labeling
them for officers.

According to reports received from
soldiers in training at Camp Taylor,
they have plenty of cover to sleep
under and the big cannon stoves used
to heat the barracks keep them very
comfortable. The medical division is
giving especial attention to the men
and every effort is being put forth
to prevent an outbreak of pneumonia
fever that might result from the sud-
den change in the weather.

AMERICANS MAKE GAS SHELL TRIAL

Artillery in France Makes Complete
Rehearsal of An Assault
on "Enemy."

CONDITION ARE MADE REAL

Mixed with Asphyxiating Shells Were
Shrapnel and High Explo-
sive Projectiles.

(By J. W. Pegler, United Press Staff
Correspondent.)
With the American Expeditionary
Army in France, December 11—
American artillery tried out gas shells
for the first time to-day.

The experiment was in connection
with a complete rehearsal of an as-
sault from preliminary preparatory
fire down to aerial work and the final
charge. The artillery was that at-
tached to a newly arrived contingent
of American fighting men.

Under conditions as nearly approx-
imating those of the battle front as
it was possible to make them this ar-
tillery hurled a big gas barrage de-
luding a triple line of "enemy"
trenches. In with the asphyxiating
shells the American guns mixed a
rain of shrapnel and high explosive
projectiles.

GERMAN PLANS TO OVERCOME FRENCH AND BRITISH NOW

Teutons Want to End War Before
American Troops Are Thrown
Against Them.

By United Press.
Amsterdam, December 11—Plans
for the greatest all German campaign
at the front were made Friday at a
conference between Field Marshal
Hindenburg, Premier Hertling and
Quartermaster Ludendorff, according
to dispatches received here today.

The German strategists, it was in-
dicated, aim to overwhelm British and
French forces on the west front prior
to the arrival of many American
troops. In connection with reports
of this plan it was noted today that
the German high command has with-
drawn nearly all available German
troops heretofore thickly scattered
along the Dutch border as patrols.
They have been transported to Fland-
ers.

The German press today interpret-
ed Count Czernin's speech to the
Hungarian delegates as a promise to
Austro-Hungarians that they shall go
to the west front.

ORDER IS AGAIN RESTORED AFTER LISBON REVOLUTION

One Hundred Dead and Five Hundred
Wounded as Result of
Clashes.

By United Press.
Lisbon, December 11—Portugal's
successful revolution cost at least 100
dead and 500 wounded in clashes be-
tween rebels and the old government
forces, according to estimates to-day.
Complete order has been restored. Col.
Paes issued orders for immediate ex-
ecution of all caught rioting. Premier
Costa and Foreign Minister Soares
arrived here to-day back from the
Paris inter-allied council meeting to
find their residences had been sacked
and partly pulled down by the rioters
in the disorder attendant to the
change in governing powers.

Allies Steadily Gaining Strength
While Enemy Gradually Weaken
in Men and Morale.

GERMANS WANT QUICK RESULTS

Leaders Realize Situation and Seek
Decision While Troops are Released from Russian Front.

(By Henry Clews)

The country's enery is being concentrated with greater and greater intensity upon the war. Events on the front have not lately been of a stimulating character, owing to the breakdown of Russia and the consequent check upon the British at the Western front, as well as upon the Italians in the South. The stoppage of the British is probably only temporary, and due chiefly to reinforcements from the Russian front. In reality there is no reason for discouragement. Temporary setbacks are inevitable; and the one central thought to be kept in mind is that the Allies are growing stronger each month, while the enemy becomes steadily weaker. This applies even more positively to morale than to physical superiority of the Allies. The German Government knows these facts, but fears to let the people learn any semblance of the truth. There is no doubt that the British and French will be able to hold the Germans until our army is ready to make its initial drive, and possibly they will make further gains. German generals are evidently alarmed at the ease with which defenses deemed impregnable have been shattered and are promptly changing their tactics from trench warfare to fighting in the open, which will better suit the inclination of the Allies.

As to peace prospects, there are no indications whatever of a willingness on the part of the Germans to assent to conditions which the Allies will surely impose. Unless Germany yields there will be no peace possible until the Allies win victory. President Wilson in his splendid opening address to Congress plainly told Germany of our determination to win this war and to reject all peace proposals until Germany was ready to give ample justice and reparation. If his plain language, placing upon German rulers responsibility for the terrible crimes of this war, could but reach the German people and could they but learn the true aims of the Allies, and see how they have been deceived and misled by the brutal, selfish autocracy which governs them, there would be some hope of a return to reason in the mind of Germany. Mr. Wilson's message to Congress will consolidate and strengthen public opinion at home, hearten those at the front and convince the world of our fixed determination to win the war by unrestrained use of all our resources.

I cannot speak in too high praise of the President's message. It is more clear in its condemnation of the wrongs done by the despotism of those who represent autocracy, but is equally clear in stating frankly our duty to our allied enemies when they are conquered. The President calls our attention also to our duty to our own Government, and asks Congress for new powers so that the Administration may cope with the situations as they have developed and will develop, especially situations that are abnormal owing to the selfishness or greed of unpatriotic citizens of our own country. The whole message teems with patriotism and common sense and will rank as one of the greatest papers that ever emanated from the White House.

Mr. and Mrs. Fred Backmeyer, of Cincinnati are visiting Miss Sadie Frey and other relatives on East Fourth street.

Mrs. Jonathan Robertson, of Brownstown, was shopping here yesterday.

BUILDING INSPECTION

Fire Marshal Makes Recommendations to Rotary Club.

By United Press.

Evansville, December 11.—Recommendation that firemen give more attention to prevention of blazes, inspection of buildings, removal of inflammable rubbish and other such work, was made by H. A. Friedley, state fire marshal, in speaking before the Rotary Club here today. Friedley recommended that firemen be given full police powers to carry out this work successfully.

"The fire department should be held to account for enforcement of ordinances relating to fire prevention," he said.

He complimented the business men of Evansville on their work toward fire prevention. He stated that the city had great progress in removing fire traps and in construction of better buildings. In the first nine months of 1916, the fire loss per capita for Evansville was \$2.72 and in the same period for 1917 it was \$1.90.

Baptist Sunday School.

White Ivory Toilet Articles at T. R. Carter's.

The State vs. The Individual.

The full significance of the decision of the United States Supreme Court upholding the Idaho prohibition law may be realized when it is stated that the court has ruled that a citizen has no constitutional or fundamental right to possess liquor for his personal use, if his state legislates to the contrary. That the Supreme Court of the country would sustain the Idaho prohibition law—or, in fact, any similar measure—was not doubted by people who have followed the drift of its decisions. But the feature of the decision holding that the state may forbid its citizens having liquor for their personal use is one of the longest steps that has been taken against the ancient personal liberty theory and indicates that "bone dry" prohibition is valid in the opinion of the highest court in the country.

QUAIL FEEDING

Birds Will Die Unless Feed is Provided for Them.

The Jackson County Fish and Game Club urges the farmers to feed the quail during this severe cold weather. The frozen ground, more than any other hardship, causes more deaths, as they are unable to scratch for food. The period of this cold wave will practically cover a

week, which reaches the limit of endurance on the part of Bob White. The quickest method to distribute grain has been shown by the farmer taking a few armfuls of straw to good places of cover and there depositing grain. The straw quickly attracts the birds' attention and when once done, a regular feeding ground has been established. The Jackson county fish and game club not only wishes to co-operate with the farmer to stop the unlawful

shooting of quail, but will assist him in every way to bring the offenders before the state game wardens, two of whom are making their headquarters in Seymour. The vital issue now is to feed in order that our fields will not be depleted of such a family of game birds. Mr. E. C. Shireman, head of the fish and game commission for the state, will reimburse the farmer for his grain fed the quail and the farmer has only to give sufficient proof to the local wardens that the grain was given out for this good cause.

Will Join Aviation Corps.

Louis Redmon, who has been in Cincinnati for the past few months working for the Bell Telephone Co., and has been here visiting his parents, Mr. and Mrs. H. R. Redmon and family, will leave tomorrow for Fort Thomas, Ky. He is one of eleven boys, who were lodging at the L. B. Harrison Club, who enlisted in the Aviation Corps at Cincinnati and will be sent to Fort Thomas. Mr. Redmon will be accompanied by his father. Louis will be remembered by a large

number of friends as he lived here for several years previous to a year ago and was very popular among the students and young folks of Seymour.

Further Conservation.

Indianapolis, December 11.—Further steps toward conserving food supplies by hotels were decided upon at the annual meeting of the Indiana Hotel Keepers' Association here today. The hotel men decided upon more stringent observance of meatless and wheatless days and other orders of the food administration. A Hooverized banquet will be served to the members at the Severin hotel tonight. There will be no wheat or meat in the foods. The association has more than 700 members, the annual reports, presented today, show.

The Shields high school basketball team is scheduled to play the Mitchell high school team in the "Cement City" Friday evening. The Mitchell team has been playing some excellent games this season and a fast one is predicted for Friday evening.

Flowers Cheer The Invalid

as no other gift can. They are a never failing joy to the ailing one. If you have an invalid friend or a sick relative stop in and order us to make up a bunch for her. It will give her a pleasure she will remember long after she has recovered.

Periscopic Paragraphs.

After you have learned to pronounce Vladivostok you may struggle awhile with Starokonstantinov.

Motorist—I've had bum luck today. I've lost my Ford car.

Friend—Drop it in a snow drift?
Motorist—Well, not exactly the whole thing. I lost the chains off the wheels but I still have the motor, the body and the wheels.

The most revolting thing about the Russian situation is the multiplicity of revolutions.

Correct.

Little Jim, though he attended Sunday school every week, did not know quite as much about scriptural history as he ought to have known. But when his sister asked him, "Where was Solomon's temple?" he was rather unable to answer a simple question like that.

"Don't you think I know anything?" he asked.

"Well, where was it, then?" his sister repeated.

And then he informed her: "On the side of his forehead, of course, the same as other folks. Do you think I am a dunce?"—Chicago Daily News.

Answers to Queries.

Reader—Popocatepetl is not a

variety of chili con carne. It is a mountain in Mexico.

A. Filbert—A railroad pool is not a large body of water, though frequently it is surrounded by watered stock.

Voter—No there is no law compelling a mayor-elect to make his appointments before December 15. He may even refuse to make them altogether if he wants to, but so far as known none has yet refused to exercise the right.

Suffragette—Political plums do not come in quarts. Their taste is varied and some are quite sour.

Mrs. Elgin Marsh of Mitchell is spending a few days here visiting her mother Mrs. T. H. Bennett, North Walnut street.

PHYSICIAN ADVISES SEYMOUR PEOPLE.

"My wife suffered for years with stomach trouble which did not yield to any treatment. She took a dose of Mayr's Wonderful Remedy last Saturday with wonderful results. I have practiced medicine for twenty years and have never seen anything like it before. I have recommended Mayr's Wonderful Remedy to several that I know need this treatment. It is a simple harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. —C. E. Loertz, Druggist.

COMPANY K INTENDS TO MAKE SPLENDID RECORD

Corporal Gilbert Writes Interesting
Letter About Camp Life
at Hattiesburg.

Mrs. L. B. Hill received an interesting letter in connection with the Red Cross work from Corporal Rea S. Gilbert, a member of Co. K, now at Camp Shelby near Hattiesburg, Miss. He says:

Just a line from Camp Shelby to let you know Company K is still in the game and all feeling great.

We have a very nice camp located about ten miles from Hattiesburg in what has been a pine forest, many of the trees still remain standing. On either side are large cotton fields. The climate is delightful during the day but a little cool at night.

On account of the long dry spell we had been suffering some from the dust but we had a fine rain Monday. The water is from artesian wells, cool and pure. The entire camp is equipped with electric lights. There are over fifty thousand troops here including, infantry, cavalry, batteries, hospital corps, medical corps, engineer corps, truck and bakery companies.

We are going through an intensive training from 6 a. m. until 6 p. m. and the non-commissioned officers have school in the evenings, so you see we have very little time, except Wednesday and Saturday afternoons which are holidays.

We understand that we are to

leave for France soon, and I am sure anxious to get over; especially since the killing of American soldiers; and almost to a man they are anxious to get into the game. But there is a lot hard training ahead, such as the use of gas and gas masks, bayoneting, hand grenade throwing, trench building, barb wire entanglements, etc., but it is all very interesting.

Our company is located in the best place in the camp near the depot, the Y. M. C. A., and the theater. The Y. M. C. A. is doing splendid work among the soldiers and I cannot speak too highly of it, and it is with a source of pride that I see Jackson county has her quota.

And the work of the Red Cross is wonderful. Although we don't get to see much of it here we will later, when we get across.

It won't be long until we will show our gratitude for everything and then Seymour will be proud to know that she has sent a company to the front. For I am sure we will give a very good account of ourselves.

Corpl. Rea S. Gilbert,
10th Co. 152nd Inf. U. S. Army,
Camp, Shelby, Hattiesburg, Miss.

Art Exhibit.

Among the exhibitors at the art exhibit at the Shields high school building is Miss Lucie Hartrath. Miss Hartrath, who lives in Chicago, is a landscape painter and regarded by the "Brown County Group" themselves as the greatest artist in their midst. She was born in Boston, Mass., but by her parents change of residence to Chicago became a student at the Art Institute there. She has traveled widely and studied in France, Germany, Austria, Switzerland, Italy, Holland, Egypt and Palestine. In Paris she was a pupil of Courtois and later of Rixens and in Jark and learned much from Boeklyn. She has exhibited pictures at the Paris Salon, also in Berlin, Cologne, Duesseldorf, Pennsylvania Academy of Fine Art and all the large western cities. At the Chicago Institute where she exhibits every season she was awarded the Butler Prize 1911, the Young Fortnightly Prize, 1912, the Rosenwald Purchase Prize 1915 and the Clyde Carr Prize 1916. One of the pictures in the local exhibit "The Creek" has been awarded a prize. There is something big in her manner of handling her subject, the quality of her atmosphere and often daring splashes of color show a certain freedom and fearlessness that comes from knowing. One always notices a vibrant flutter of leaves against the sky and the sparkle of sunshine on trees and grass and a human touch given by a winding road, a straggling fence, a little cabin or summed up in a little figure.

We do "Printing that Pleases."

Twenty Years Ago Today

Taken From the Files of the
Seymour Republican.

We are reliably informed that forty-four employes in the B. & O. S. W. yards at Storrs will be let out tomorrow evening to curtail expenses.

J. M. Collard is in the city from Huntingburg transacting business.

Knox Wilson went this morning to Fort Ritner in the interest of his gravel road contract which he has completed.

Miss Dessie, daughter of Samuel B. Downs, of Redding township, is very sick the result of the measles.

Fifty friends met last evening at the home of Cudwith Able, of Jonesville and were handsomely entertained at an elegant social there. The occasion was one long to be remembered. Refreshments were served in a way that Mr. Able and his good family know just how to get up.

Peter Smith, who resides near Mitchell had a leg cut off Wednesday night near his home by freight No. 54, B. & O. S. W. Smith stepped on the track just at the train backed up.

The Young Peoples' Society of the St. Paul church will meet this evening at the home of Rev. and Mrs. W. H. Dorn on West Sixth street. A social hour will be held at the conclusion of the business session.

TUESDAY, DECEMBER 11, 1917.

FALL OF JERUSALEM.

From the historical standpoint the capture of Jerusalem by the British is one of the most important events of the world war. For more than four centuries this ancient city has been under the domination of the Turks and the world heralds the success of General Allenby's forces not only as a victory for the British but as a great achievement for christianity. The holy land will now come under a new regime. The methods of the treacherous Turks will be supplanted with modern ideals of government.

When viewed in this light we do not wonder that the christianized world regards the capture of Jerusalem as the greatest Christmas gift that would come to the armies fighting for the sake of freedom and democracy. It is easy to understand why it is regarded as an important event in the great war where millions of

men are valiently fighting to forever crush the autocratic form of government such as has held supreme control of the ancient Biblical city for more than four hundred years.

If as a result of this war Turkey is obliterated from the earth and its customs of heathenism are forever removed, the tremendous sacrifices have not been in vain. Turkish domination in Europe has long hindered the progress of modern civilization. But the lost of Jerusalem marks the beginning of the downfall and the absolute decay of the Moslem government. Turkey as a nation has entered upon its last cycle of endurance. Its disintegration will now be rapid.

Coal and Feed Notice.

I am at present selling the best Indiana lump coal at \$4.50 delivered to the town trade, \$4.25 at car per ton. I am coming in with two cars of Eastern coal at \$6.00 per ton. This is more than the government price but I had this coal bought before the government set the price. These prices are cash at office or on delivery of coal. I also have a full stock of flour and feed at the lowest prices for cash. All persons knowing themselves indebted to me on old accounts, call and settle. If not settled by Jan. 1 I will leave for collection.

PERSONAL

Travis Trumbo made a business trip to Indianapolis today.
W. P. Masters made a business trip to Indianapolis this morning.
W. H. Hazzard of Reddington, was here this morning on business.
Frank Hacksdorf, of Brownstown transacted business here yesterday.
W. H. Eeton went to Scottsburg this morning to spend the day on business.

Charles Steinwedel is spending a few days at Cannelburg transacting business.

Mrs. J. L. Ford went to Scottsburg this morning to spend the day with friends.

Mrs. Francis Bunton has returned from a few days' visit with relatives at Reddington.

Mrs. Hattie Mayfield of Washington is spending the week here visiting relatives and friends.

Mrs. Henry Mann of Scipio, is spending a few days' visit with friends in this city.

Mr. and Mrs. Arthur Enos went to Indianapolis this morning to spend the day with friends.

Kenneth Hauenschild is confined to his home on West Jackson street suffering with rheumatism.

Mrs. O. K. Williams returned home yesterday from a week-end visit with relatives at Scottsburg.

Mrs. Lawrence Shannon went to Azalia this morning for a few days' visit with relatives and friends.

U. M. McGuire, of Indianapolis, editor of the Baptist Observer is spending a few days here on business.

Mrs. George Breitfield and daughters have returned home from a few days' visit with relatives at Indianapolis.

Mrs. Jacob Bridges went to Crothersville this morning to spend the day with her sister, Mrs. Sarah Deputy.

Forty Year's Success

For a business to be successful for forty years means a great deal. Among other things, it means remarkable excellence in the products it sells. No inferior article can be sold on a large scale for so many years; and it must not only be good at the outset, but so good that the progress of forty years shall not develop any better article to supersede it.

So women can, with confidence, depend upon that old, tried and tested remedy for woman's ailments, Lydia E. Pinkham's Vegetable Compound, still as popular as ever, though it was placed on the market before the centennial year, 1876.

Ditch Assessment Notice.

Special attention is called to the assessment levied for the construction of the dredge ditch petitioned for by Frank M. Bush, et al., and known as Heddy Run Drainage Ditch. The limit of time in which these assessments may be paid as given by law, expires:

Saturday, December 15, 1917.

All amounts remaining unpaid after that date will be bonded by the county commissioners with bonds running ten years and drawing interest at the rate of six percent per annum.

A number of property owners in Westover and West Seymour, some of whose lots have been assessed as small an amount as \$1.00, have overlooked the payment of these assessments. Unless payment is made by December 15th it will be necessary for the county to issue bonds for these small amounts bearing interest for ten years.

After once being bonded the property holders will be compelled to pay the bonds in ten yearly payments together with the interest added from time to time.

John E. Belding,
dlw1 Treasurer Jackson County.

NEWSY PARAGRAPHS

Dr. W. M. Casey, who has been confined to his home for several days past on account of illness is improving rapidly.

Clyde Peters, of Vallonia, was here Monday enroute to Cincinnati having shipped a car of stock to the markets there.

The police this afternoon arrested Thornton Jarvis and placed him in jail to face an intoxication charge. He was arrested at the home of his father who requested that he be taken into custody. Jarvis has appeared in city court on numerous occasions to face a similar charge.

The Central Christian church congregation at Seymour has a new house of worship which will be dedicated on Dec. 30. Rev. Z. T. Sweeney and Rev. W. H. Book of this city, will be the principal out of town speakers at the dedication.—Columbus Herald.

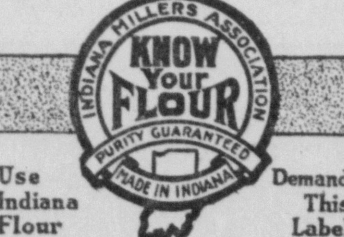

Miss Julia Kerkhof, local manager of the Interstate Public Service Company, was slightly injured yesterday when she was hit by falling plaster at the Interstate salesroom, South Chestnut street. A water pipe on the second floor of the building burst and later the weakened plastering fell, striking Miss Kerkhof on the head and arm.

SOCIAL EVENTS

WITH THE CLUBS

With Christmas just two weeks off and everything taking on the red and green air, people are beginning to plan for a number of interesting affairs in honor of guests who will be here for the holidays. Dame Society is whispering it about that there will be dances, week-end and house parties, card parties, and even turkey scented invitations speak of certain tempting dinner parties. For the past few months women have been giving their undivided attention to Hooverizing and working for the Red Cross so with these few days around Christmas everyone will assume a party-like air and march out to the tune of the "Good Time" grand march to make this season stand out in the memory as one of the most pleasant yuletides ever known.

The literary clubs of the county have just about completed the plans for their Christmas parties which are really the greatest events in the club calendar. On December twenty-first the Friday Magazine Club will entertain with a Christmas party at the home of Mrs. E. L. Hancock and following close in its footsteps, the Brownstown Wednesday Club will have its annual frolic on Christmas eve at the home of Mrs. Aimee Gunder.

And 1918 will not see this spirit cast aside, for on January first the Seymour Tuesday club will give a reception, entertaining at the home of Mrs. Rose Carter. On the twelfth of February, if we dare to look that far ahead, we will see that the Tuesday Club will have Reciprocity Day at the home of Mrs. Katie May Luckey and three days later the Friday Magazine Club will observe Guest Day at the home of Mrs. Edith Pfaffenberger. On February twenty-first the Indiana Study Club will observe Reciprocity Day at the home of Mrs. E. L. Hancock and looking ahead until April we learn that such things as open meetings, spring picnics, annual outings, etc., are being talked of. But with the temperature below zero we will not think of picnics and the like until the spring is really here.

W. H. M. SOCIETY.

The Woman's Home Missionary Society of the M. E. Church met at the home of Mrs. C. H. Wiethoff, North Ewing street this afternoon. The following program was given: Devotions—Responsive Reading and Singing of "Star Spangled Banner."

Reading.....Mrs. E. L. Hancock.
 Instrumental Duet.....Misses Margaret Guthrie and Florence Wiethoff.
 Paper—"Allied Interests".....Mrs. Mabel Temple.
 Instrumental Solo.....Miss Margaret Guthrie.
 Closing Prayer.

During the afternoon a letter, which was received from a minister in North Carolina, to whom the society had sent a barrel containing clothing and supplies valued at \$116, was read. The letter was very interesting and appreciative. After the program refreshments were served and a pleasant social hour followed.

L. G. OF A. SOCIETY

Miss Rebecca Dixon will be hostess to the members of the Loyal Girls of America Society this evening at her home on North Walnut street, when the work on the soldiers comfort-kits will be continued.

LOYAL DAUGHTERS

The Loyal Daughters of the First Baptist church will meet this evening at the home of Mrs. John Lockmund on West Laurel street.

LOYAL DEVOIR SOCIETY

Mrs. Charles Hardin will entertain the Loyal Devoir Society of the Central Christian church this evening at her home on North Pine street.

CHRISTMAS PRESENTS THAT WILL BE APPRECIATED

Camp Shelby Officer Makes Following Suggestions of Gifts for the Soldiers.

A letter has been received from an officer at Camp Shelby who makes the following suggestions of Christmas presents for the Hattiesburg soldiers:

Being acquainted with the life here, we might offer the following ideas: Knitted bed socks, knitted sleeping helmets, knitted sweaters, shoe bags, black silk neckties (regulation), pajamas, towels, wash rags, bath towels, dish towels, handkerchiefs, writing paper and materials, pillows (not over 16x20 inches) toilet and laundry soap, tooth-brushes and tooth paste, shaving materials, shoeshine kits (tan or ox-blood), "housewife," first-aid kits, smoking materials (if he smokes), folding coat hangers, candy.

"Our Christmas meal promises to

TRADE MARK BALL (Red) BAND

We Sell this Rugged Footwear Marked by the Red Ball

We sell it because we believe it is the best you can buy. We sell it because men who have worn rubber footwear for years have proved that "Ball-Band" gives them better comfort and more days of wear than any other make.

"Ball-Band" is the cheapest in the long run, too. You can't figure the cost of rubber boots and other rubber footwear by the first price. You've got to know how much wear it will give. You can put "Ball-Band" footwear to any service and judge it by wear. Then you will see why it gives the greatest service for the money.

Look for the Red Ball. You'll find it on all "Ball-Band" footwear.

Men's, Women's and children's Light Rubbers, best grade, also Ball Band Rubber Boots, Felt Boots, Over Shoes, etc.,

every pair warranted first quality.
 Big Line Men's Wool Sox, Women's and Children's Hose.

Mr. and Mrs. Albert Doane, who have been spending a few days at Cincinnati visiting relatives, have returned home.

MUSTEROLE—QUICK RELIEF! NO BLISTER!
 It Soothes and Relieves Like a Mustard Plaster Without the Burn or Sting

Musterole is a clean, white ointment, made with the oil of mustard. It does all the work of the old-fashioned mustard plaster—does it better and does not blister. You do not have to bother with a cloth. You simply rub it on—and usually the pain is gone!
 Many doctors and nurses use Musterole and recommend it to their patients. They will gladly tell you what relief it gives from sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it often prevents pneumonia).
 30c and 60c jars; hospital size \$2.50.

PRESIDENT WILL SEEK RAILROAD LEGISLATION

Special Message Will Deal With Method of Meeting Transportation Problems.

Washington, December 11.—President Wilson will go to Congress for special legislation to bring about unification of the railroads during the war.

The fact that the President has decided definitely on such a move over the whole transportation situation with Senator Newlands, Chairman of the Senate Interstate Commerce Committee. He probably will ask for the legislation in an address to be delivered before the Christmas holidays.

Indications were that the President has confided to none as to what he may ask. Some were of the opinion that he might request action in line with the suggestion of the Interstate Commerce Commission

that anti-trust and anti-pooling laws might be suspended during the war. Others pointed out that the commerce commission's report also carried the suggestion that additional legislation might be needed were the government to decide to take over operation of the roads.

The President's advisors are divided in their views as to what is necessary to be done. Most of them, however, have come out for government operation and some of the strongest supporters of this proposal declare the executive, under the army appropriation act, already has power to take over the roads for operation under an administrator.

The position of the railroads themselves was set forth today in a letter to Senator Newlands from Fairfax Harrison, chairman of the railroad board. The railroads, Mr. Harrison declared, do not seek a repeal of any legislation, believing the co-operative use of facilities recently put into operation will bring about maximum efficiency. Neither do they seek a loan from the government, he said, though government aid is asked in obtaining for them on their own individual credit new capital needed.

Further measures to make the roads more efficient, Mr. Harrison suggested, would be an increase in rates, priority for transportation of new material, appointment of a traffic manager for government freight, and exemption from the draft for railroad employees.

The railroads' opposition to government operation is well understood among officials who have followed the situation, but some surprise was expressed tonight at their objection to suspension of provisions against pooling traffic and profits. In the opinion of many officials a complete co-ordination of rail systems can not be accomplished until the roads pool their traffic, which of itself involves a pooling of profits.

The advantages in pooling have been pointed to as the chief argument for government operation since the government directing the lines could pool traffic without violating regulations imposed now for the protection of the public.

In its special report to Congress made public a few days ago the Interstate Commerce Commission held out two alternatives for relief of the transportation situation. One was the suspension of anti-trust laws and the other government operation. Commissioner McChord in a supplementary opinion which it is said has since been approved by other members, emphatically urged government operation as the only remedy.

Those within the government who believe the railroads themselves can handle the situation if given free rein do not oppose legislation to make a full pooling compulsory. If such a course were pursued, they admit, it might be advisable to name a government railroad administrator who would see that the wishes of the government were carried out.

Red Cross News.

The following ladies assisted in the work at the Red Cross workshop yesterday: Mrs. W. P. Rooney, Mrs. C. E. Morton, Mrs. C. E. Newhouse,

Mrs. E. C. Peterman, Mrs. K. B. Shields and Miss Elsie Reynolds.

Ernest Sargeant has returned from a visit with his parents at Cincinnati.

MANY FLAG WOMEN ARE EMPLOYED BY B. & O. S. W.

Young Women Making Good as Watchers at Railroad Crossings.

Flag-women at railroad crossings are becoming a war time fixture with the B. & O. S. W. Railway, the women taking the places of the men who have been called into active work to replace younger men who have gone into military service or into active war work for the government. Many young women have more than made good as watchers at grade crossings.

The first woman to take charge of the public safety at a railroad crossing was stationed at New Albany to take the place of the man who had been taken for war service. Mrs. Mary Floyd now guards the crossing which was cared for up to five months ago by the pioneer crossing watchwoman of the United States. She is thoroughly competent.

The B. & O. S. W. employs many women in the big shops at Storrs near Cincinnati. Many of these women are regularly at work operating drill presses and they have been found to be quick, steady and reliable.

SAFETY CONGRESS

Indiana's First Session is Held in Indianapolis.

By United Press.
Indianapolis, December 11.—Delegates arrived today to attend Indiana's first safety congress which is being held in connection with the annual meeting of the Indiana Manufacturers' Association. Manufacturers are being urged to give more attention to safety measures in order that lives and property may be conserved during the war period.

A public mass meeting will be held at Tomlinson hall tonight which will be addressed by Charles Bookwalter on "Industrial Accident Prevention"; and Dr. J. N. Hurty, secretary of the state board of health on, "Health Conservation."

Stockholders' Meeting.

The shareholders of the First National Bank of Seymour, Indiana, will meet at the banking house on Tuesday, January 8th, 1918, at 10 o'clock a. m., for the purpose of electing directors for the ensuing year and for such other business as may come before the meeting at that time.

L. L. Bollinger, Cashier.

Mr. and Mrs. Charles McGinty, of Pittsburg, Pa., are the guests of Miss Grace McGinty and other relatives here for a few days.

Miss Stella Laupus has returned from Indianapolis where she was the guest of her sister, Miss Alma Laupus for several days.

LeRoy Miller spent the day at Brownstown transacting business.

Prudence Says So

CHAPTER XI.

Sowing Seeds.

"Have you seen Mrs. Harbert lately, Carol?"

"Yes, she's better, father. I was there a few minutes yesterday."

"Yesterday? You were there Tuesday, weren't you?"

Carol looked uncomfortable. "Well, yes, I was, just for a second."

"She tells me you've been running in nearly every day since she took sick."

Carol bent sharply inquiring eyes upon her father. "What else did she tell you?"

"She said you were an angel."

"Y—yes—she seems somehow to think I do it for kindness."

"And don't you?"

"Why, no, father, of course I don't. It's only two blocks out of my way and it's such fun to pop in on sick folks and show them how disgustingly strong and well I am."

"Where did you get the money for that basket of fruit?"

"I borrowed it from Aunt Grace."

Carol's face was crimson with mortification. "But it'll be a sweet time before Mrs. Harbert gets anything else from me. She promised she wouldn't tell."

"Did any of the others know about the fruit?"

"Why—not—exactly."

"But she thinks it was from the whole family. She thanked me for it."

"I—I made her think that," Carol explained. "I want her to think we're the nicest parsonage bunch they've ever had in Mount Mark. Besides, it really was from the family. Aunt Grace loaned me the money and I'll have to borrow it from you to pay her."

And Lark did my dusting so I could go on the errand, though she did not know what it was. And I—er—accidentally took one of Connie's ribbons to tie it with. Isn't that a family gift?"

"Mr. Scott tells me you are the prime mover in the Junior League now," he continued.

"Well, goodness knows our Junior League needs a mover of some sort."

"And Mrs. Davies says you are a whole mercy and help department all by yourself."

"What I can't understand," said Carol mournfully, "is why folks don't keep their mouths shut. I know that sounds very inelegant, but it expresses my idea perfectly. Can't I have a good time in my own way without the whole church peddling me from door to door?"

The twinkle in her father's eyes deepened. "What do you call it, Carol, 'sowing seeds of kindness'?"

"I should say not," came the emphatic retort. "I call it sowing seeds of fun. It's a circus to go around and gloat over folks when they are sick or sorry, or—"

"But they tell me you don't gloat. Mrs. Marling says you cried with Jeanie half a day when her dog died."

"Oh, that's my way of gloating," said Carol, nothing daunted, but plainly to get away without further interrogation.

As far as she could she kept her little

seeds of fun carefully up her sleeve, and it was only when the indiscreet adoration of her friends brought the budding plants to light, that she laughingly declared "it was a circus to go and gloat over folks."

Once in the early dusk of a summer evening, she discovered old Ben Peters, half intoxicated, slumbering noisily on a pile of sacks in a corner of the parsonage barn. Carol was sorry, but not at all frightened. The poor, kindly, weak, old man was as familiar to her as any figure in Mount Mark. He was always in a more or less helpless state of intoxication, but also he was always harmless, kind-hearted and generous. She prodded him vigorously with the handle of the pitchfork until he was aroused to consciousness, and then guided him into the woodshed with the buggy whip. When he was seated on a chunk of wood she faced him sternly.

(To be continued.)

It was a strange thing that of all the parsonage girls, Carol, light-hearted, whimsical, mischievous Carol, was the one most dear to the hearts of her father's people. Not the gentle Prudence, nor charming Fairy, nor clever Lark nor conscientious Connie, could rival the "naughty twin" in Mount Mark's affections. And in spite of her odd curt speeches, and her openly vaunted vanity, Mount Mark insisted she was "good." Certainly she was willing! "Get Carol Starr—she'll do it," was the commonest phrase in Mount Mark's vocabulary. Whatever was wanted, whatever the sacrifice involved, Carol stood ready to fill the bill. Not for kindness—oh, dear no—Carol staunchly disclaimed any such niceness as that. She did it for fun, pure and simple. She said she liked to show off. She insisted that she liked to feel that she was the pivot on which little old Mount Mark turned. But this was only when she was found out. As far as she could she kept her little

Penny Pinching Not Always True Economy

I have learned that the intelligent housewife—the woman schooled in really scientific domestic economy—no longer throws away a nickel to save a penny.

A good way to illustrate this point would be through comparison of baking powders.

Experience has taught me—and millions of other women that it doesn't pay to buy cheap baking powders. They cost a few cents less, but in the long run they are decidedly the most expensive. Because of the low grade materials employed in their manufacture they cause many bake day failures—and great loss of expensive ingredients. The housewife throws out, in wasted materials many times the amount saved on the cost of the baking powder. This is not economy, but extravagance.

True economy in baking powder demands the highest quality at the lowest price. Only baking powders that meet these demands should be used. Only baking powder that is made of the highest class ingredients so perfectly proportioned that it not only produces maximum leavening power but also preserves it.

Besides, the baking powder that meets the modern demand for economy should be economical in use—full strength—economical in cost—secured at a moderate price. The housewife should be able to effect a saving when buying—and another saving when using—and she should save materials it is used with.

That is economy in its highest form. Complete economy. The only kind of economy the housewife should attempt.

I have proved positively by exhaustive experiments and comparative tests that Calumet Baking Powder is best suited to these savings. It possesses the surety, the purity and goodness that make constant employment of utmost baking economy possible.

Maudie Marie Costello

Note.—Miss Costello is already well known to most of the ladies of our city. She is of the Domestic Science Branch of the University of Chicago, a graduate of Lewis Institute, Supervisor of Domestic Science in Public Schools, Special Lecturer on Domestic Arts and Economy, Special Lecturer to the Women's Clubs.

We are publishing a series of her most important articles.

Middle Aged Women

Are Here Told the Best Remedy for Their Troubles.

Freemont, O.—"I was passing through the critical period of life, being forty-six years of age and had all the symptoms incident to that change—heat flashes, nervousness, and was in a general run down condition, so it was hard for me to do my work. Lydia E. Pinkham's Vegetable Compound was recommended to me as the best remedy for my troubles, which it surely proved to be. I feel better and stronger in every way since taking it, and the annoying symptoms have disappeared."—Mrs. M. GODDEN, 925 Napoleon St., Fremont, Ohio.

North Haven, Conn.—"Lydia E. Pinkham's Vegetable Compound restored my health after everything else had failed when passing through change of life. There is nothing like it to overcome the trying symptoms."—Mrs. FLORENCE ISILLA, Box 197, North Haven, Conn.

Tone	Steady
Top	\$11.00@15.00

NO HUNTING—Muslin signs 9x17 inches, for posting farms against hunting and trespassing, 5 cents each, 50 cents per dozen. Call at Republican office.

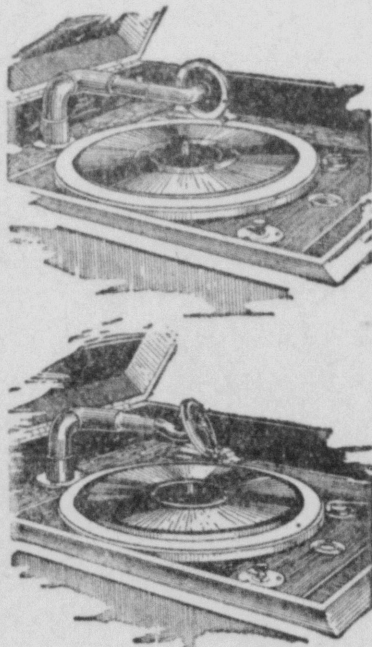

THE UNIVERSAL PHONOGRAPH

THERE is but one right way to play each type of disc record. You cannot satisfactorily play a "hill and dale" record with a laterally arranged point, nor a "lateral" grooved record with a "hill and dale" point.

The Starr Phonograph is the only one primarily designed to play all disc records with the stylus in the proper position for which each was intended.

You might as well be able to play every record on the machine you buy and the Starr Tone is distinctly superior regardless of what type of record you choose.

We can demonstrate to you that the Starr Phono-

graph will play any record better than the machine for which it was originally intended.

Does that interest you?
